

HITLER THROWS MASSES OF RESERVES INTO RUSSIAN FRONT

Second Big Attack in Two Days Made on Port Moresby

Britons Officially Warned of Possible Invasion in Spring

BULLETIN
London, March 24—(AP)—Reinforced by hastily-trained reserves and fresh levies from the Balkan states, the German armies were reported on the move today in massive thrusts aimed at liberating nearly-isolated key points in their winter line which have borne the brunt of the Russian offensive. The Berlin radio stressed the Nazi counter-attacks on the central sector—presumably to gain springboards for a fresh drive against Moscow—and reported that in 48 hours fighting Soviet forces, encircled despite tank support and heavy artillery fire, lost 3,000 killed and several hundred prisoners. Moscow reports described this action as "futile attempts to break through our lines."

By the Associated Press
Reichsfuehrer Adolf Hitler, desperately seeking to check Russia's great winter offensive, was reported today to have thrown masses of reserves into the long battlefront from regions as far away as Yugoslavia and Norway, while British forces were officially warned anew of a possible German attempt to invade the British Isles this spring.
In London, a government spokesman disclosed that "invasion committees" had been set up in many parts of the island kingdom to combat any Nazi cross-channel thrust, and told the nation it must do everything possible "to drive out and destroy the enemy."
At sea, Premier Mussolini's high command asserted Axis torpedo planes had sunk, damaged or hit 19 British warships and merchant vessels in air-sea battles ranging from North Africa into the eastern Mediterranean toward Malta.
The Fascist high command said that Italian planes sank a cruiser, an unidentified naval unit and a 10,000-ton merchant ship, and that German bombers joining in the attack on the convoy sent another merchant ship to the bottom.

The Italian communiqué declared that these blows were delivered in the Gulf of Sirte, off the Libyan coast, and that in subsequent attacks on a British naval squadron "probably returning from the battle area," Fascist planes hit a cruiser with two torpedoes and hit a large destroyer.
The German high command, describing the British convoy as sailing toward Malta, said three merchant ships were sunk and three other merchantmen, a cruiser and a destroyer damaged.
London quarters acknowledged some British ships had been hit but declared none had been sunk.

On the Russian front, Soviet dispatches reported heavy fighting in the Leningrad and Moscow sectors, with 2,500 Germans killed, and said that the trapped German 16th army in the Staraya Russa sector, 120 miles

U. S. Subs Inflict Heavy Blows in Japanese Waters

By Roger D. Greene
Associated Press War Editor
During United States submarines were officially credited today with inflicting heavy blows on ships in Japan's own waters, while the German radio quoted a Tokyo spokesman as urging Japan to press her offensive by securing the Indian ocean and Australia "as strongholds for big future military operations."
The Nazi broadcast quoted Captain Hideo Hiraide, Japanese naval spokesman, as declaring:
"It seems that since the capitulation of The Netherlands East Indies the situation has reached a turning point and that Japan is on the defensive and the Anglo-American powers on the offensive."
"Defensive lines do not, however, lead to victory. Japan must continue its offensive."
In Australia, General Douglas MacArthur busily mobilized the vast island continent's defenses against an expected Japanese invasion attempt and indicated that he would follow a policy of keeping the public informed on developments.
There was little actual news, however, as Allied fliers continued to hold Japan's sea-borne forces at bay in the battle for the approaches for Australia.

Japanese bombers in two waves again struck at Port Moresby in southern New Guinea island, 300 miles across the Torres Strait from Australia. It was announced, but information was lacking on the progress of Japanese invasion columns reported marching down the coast.

MacArthur Pinned Faith On Torpedo Boats in Daring Trip

By C. Yates McDaniel
U. S. Army Headquarters, Australia, March 24—(AP)—The full story of Gen. Douglas MacArthur's hazardous voyage from the Philippines was told today by the supreme commander's spokesman, who emphasized that MacArthur did not escape from Bataan but "came through to a greater task" in compliance with a presidential order.
Col. Legrand Diller told news-papers that MacArthur's fighting race against time, darkness and Japanese warplanes and warships was vindication for the General's long fight for recognition of motor torpedo boats.
Some advisers, Diller said, urged MacArthur to use a submarine to make his way to Australia but the general and United States navy Lt. John D. Bulkeley, commander of six "PT" boats which reached the Philippines shortly before the war, pinned their faith on the speedy craft.
Strong opposition was based on fear that the attempt was too desperate.
"Few not on the voyage can realize the fortitude, stamina and determination to get through with which the general imbued the entire group," Diller said.

PLAN FOR OBTAINING SUPPLIES

Disclosure is Made by Secretary Ickes in Hearing Before Sub-Committee That Government May Go Into Direct Production of Strategic War Materials

NEW EXPLORATIONS FOR NEEDED MINERALS

Washington, March 24—(AP)—Congress was informed today the government is prepared to go into direct production of strategic war materials if it is unable to obtain them through private industry.
This disclosure was made by Secretary Ickes to a house appropriation sub-committee during hearing on the interior supply bill which was reported today.
Referring specifically to the steel industry, Ickes expressed doubt that it would play a large role in one phase of the work, mineral development.
Discussing preparations to develop and obtain war supplies, Ickes said:
"In brief, the program calls for new or intensified explorations for copper, zinc, lead, iron, chrome, bauxite, clays and many other minerals; for utilization of accelerated development of new processes to get what we need in this war from our domestic supplies of manganese, aluminum, clays and shales, chromium concentrates and other minerals; for supplying additional sources of power in the western states needed to develop and process minerals and to fabricate metals; for increasing production of required petroleum products, including aviation gasoline and the components of synthetic rubber; for supplying coal and coke; for increasing production of helium; and for increasing our output of fishing products and or range products."
"All of these resources and processes we propose to make available to the War Production Board and any other war agency."
And, he added, "if they want the material and can't get it otherwise, we will go into direct production."

CRIPPS TAKES UP IMPORTANT TASK IN INDIA

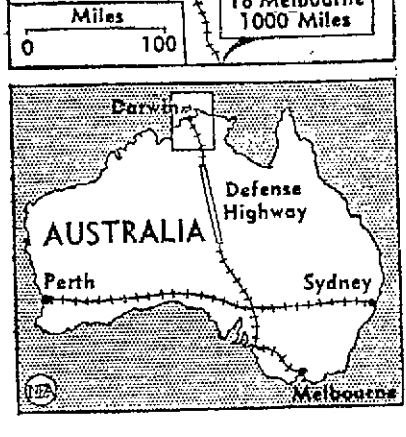

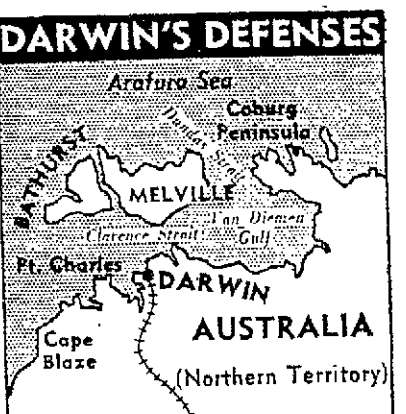

By the Associated Press
New Delhi, India, March 24—(AP)—Undaunted by the outwardly reserved attitude of India's Moslems, Sir Stafford Cripps today swung into a strenuous schedule of conferences aimed at selling the country's diversified elements on a single plan of self-government in a time of peril.
The British emissary met the governors of the important provinces of Madras, Bombay and Bengal this morning after attending a meeting of Viceroy Linlithgow's executive council yesterday and receiving Gen. Sir Archibald P. Wavell, the commander in chief yesterday evening.
Mohammed Ali Jinnah, leader of India's minority of 7,000,000 Moslems, told his followers today that Moslems must reserve judgment on a bill until they had seen it.

CONGRESS AMAZED BY SECRETARY'S STORY

Washington, March 24—(AP)—Congress was amazed today at the disclosure of war orders so lucrative to the secretary of a manufacturer has been drawing salary and extras at the rate of \$95,108 for the first ten weeks of 1942.
The manufacturer, W. S. Jack, president of Jack and Heintz, Inc., of Bedford, O., contended in a statement that the bonus system under which the secretary was paid actually decreased costs. He told the house naval committee yesterday that the firm, which makes airplane parts, had given out \$600,000 in bonuses last year.
"And the money all came from the government," said Rep. Vinson (D-Ga.), chairman of the committee.

PETITIONS FOR RENO

Harrisburg, March 24—(AP)—The office of Attorney General Claude T. Reno announced today nominating petitions for the Republican nomination to state supreme court were being circulated in his behalf. Reno is convalescing from an illness at his Allentown home.

CROSS CHANNEL RAIDS RESUMED BY NAZI PLANES

German Dive Bombers Strike Destructively at Dover and Other Southeast Coast Towns by Dusk and Moonlight

NUMBER ARE KILLED

London, March 24—(AP)—German dive bombers struck destructively at Dover and two other southeast English coast towns by dusk and moonlight last night in their heaviest attack since the major raids of 1941. Numbers of persons were killed.
British anti-aircraft batteries and night fighters challenged them with heavy fire and finally drove them back across the English Channel.
The weather, however, was said to have kept the RAF's bomber squadrons inactive again, for the 10th successive night.
One town was attacked by relays of dive-bombers. A smelter was hit squarely. A whole stick of bombs blasted a street. Several other areas were struck by high explosives. There were a number of fatalities.
Hundreds of residents of another town fled to the countryside.

BOXER EXONERATED IN OPPONENT'S DEATH

Philadelphia, March 24—(AP)—Angelo Pantellis, 23-year-old professional boxer, was exonerated by a coroner's jury today in the death of an opponent who died in the ring March 5 after a third round knockout.
"Dr. Benjamin Gouley, a coroner's physician, said the opponent, Herbert Black, 24, negro, succumbed to injuries inflicted on his neck by repeated blows."

RACKET CHARGE DENIED BY HINES

Harrisburg, March 24—(AP)—An assertion on the senate floor by Senator Anthony Cavalcante (D-Pa.) that a "noxious racket" was operated in the state division of unemployment compensation brought prompt denial today from Lewis G. Hines, secretary of labor and industry.
Cavalcante declared that because of "mistakes made by the agents of the unemployment compensation bureau" checks were sent to workers not entitled to receive them. Then, he declared, these men were brought before "flawed justices of the peace and aldermen" and forced to pay the costs of prosecution as well as make restitution.
Hines said the senator's charges were "greatly exaggerated" and that everyone was given an opportunity to make restitution before prosecutions were undertaken.
Cavalcante's remarks were made during debate on a bill raising jobless benefits from a minimum of \$7.50 a week to \$8 and from a maximum of \$12 to \$14.

NELSON IS SPARRING FOR TIME

War Production Chief Asks Congress to Give Him a Thirty-Day Limit to Obtain Voluntary Suspension of Double Pay For Overtime Through Pact With Unions

OPPOSES POSTPONING OF MAXIMUM HOURS

Washington, March 24—(AP)—War Production Chief Donald Nelson asked congress today to give him a 30-day time-limit to obtain voluntary suspension of double pay for overtime through agreement with leaders or organized labor before enacting legislation on the matter.
He promised the house naval committee that he would ask for legislation himself then if he was unable to obtain that agreement, but simultaneously entered opposition to suspension of federal maximum hour legislation and a ban against closed shops in industries handling army and navy contracts.
"The men at the bench are just as patriotic as you or I," he told Chairman Vinson (D-Ga.) of the committee, who with representative Smith (D-Va.) drafted the far-reaching measure.
He told the committee that men in the "highly strategic" machine tool industry now were working an average of 55 hours, that those in the shipbuilding industry averaged 48 hours, and those in aircraft plants 49.
"If we abolish the 40-hour week by law," he said, "we do not gain one hour of additional work in our war industries; but naturally we create a widespread demand for increased wages and rates, throw the entire wage structure out of adjustment, and remove an important incentive for labor to shift from non-essential industries into war production jobs."

Senator George (D-Ga.) earlier had predicted that public demand would force drastic and perhaps "unwise" legislative curbs on labor, or unless the administration acted promptly to seek a modification of the law.

DAUPHIN RULING ON LIQUOR RAIDS IS COMPLICATING

Harrisburg, March 24—(AP)—A Dauphin county court ruling that police cannot make arrests or serve search warrants on Sunday for illegal liquor sales forced Prosecutor Carl B. Shelley to adopt new tactics today.
"I'm going to change my methods to conform with the opinion," declared the district attorney without disclosing immediately his plans.
President Judge William Hargest handed down the decision, declaring illegal sales do not constitute a breach of peace within the meaning of the blue laws of 1703 and 1794.
Several years ago he ruled that Sunday raids by authorities were illegal. This created what Shelley termed a "very serious condition," giving rise to many establishments that open at Saturday midnight and continue through Sunday with officers powerless to interfere.
The prosecutor pointed out that places licensed by the State Liquor Control Board were forced to close on Sunday.

PITTSBURGH RECRUITS GIVEN ROYAL SEND-OFF

Pittsburgh, March 24—(AP)—Escorted by bands and veteran troops, a detachment of army and marine recruits from western Pennsylvania counties paraded through downtown streets from recruiting offices to railroad stations today.
Hundreds of relatives, friends and other well-wishers lined the streets and cheered as the young men marched along, the first formal farewell here for new soldiers.
In the future, large contingents of new soldiers will be sent off in the same manner.

NEW ATTEMPT MADE TO HAVE DAVIS QUIT RACE

Southeastern Republican Leaders Reported Behind Move to Induce Senator To Withdraw From gubernatorial Contest.

BELL PROPOSED AGAIN

Philadelphia, March 24—(AP)—Southeastern Pennsylvania Republican leaders were said today to be making another attempt to have U. S. Senator James J. Davis withdraw from the campaign for the nomination for governor.

If their efforts fail, one source said, the area's party organizations will give their support to Major General Edward Martin of Washington, Pa.
A group of G. O. P. leaders, meeting yesterday at the Union League, were understood to have proposed again that John C. Bell, Jr., state banking secretary, be supported as a compromise candidate for governor with James F. Malone, Jr., of Pittsburgh slated for the lieutenant-governorship. Malone at present is backing Governor E. W. Cress.

NO EXTENSION FOR '41 LICENSE PLATES

Harrisburg, March 24—(AP)—The bureau of motor vehicles is handling 60,000 automobile license plate renewals a day, Walter J. Kress, acting revenue secretary, announced today.
He said there will be no time extension of the deadline—midnight next Tuesday.
The motor vehicles bureau reported 1,300,000 renewals to date and Kress said the figure "compares favorably" with a total of 1,500,000 applications completed in the renewal period last year. There were 2,400,000 applications mailed to motor vehicle owners this year.

Registration of Women For War Work Being Advocated

Washington, March 24—(AP)—Registration of women for war work, a measure proposed recently by Mrs. Franklin D. Roosevelt, was advocated today by members of congress who have become apprehensive lest a shortage of skilled labor develop in munitions plants.
Chairman Thomas (D-Utah) of the senate labor committee said the enumeration of women willing to undergo training for war industry jobs not only should provide helpful in filling the places of men called to military service but should foster higher morale.
It was his opinion, however, that any registration of women should be on a voluntary basis as contrasted with the compulsory method employed in Britain, and this view was shared by Democratic Leader Barkley of Kentucky.
Senator Bilbo (D-Miss) called for the enumeration of all men and women 18 years of age and older in legislation he introduced in the senate yesterday, but Barkley indicated the administration was not prepared at this time to undertake a program of such vast scope.

BASE OFF AUSTRALIA IS TARGET

Enemy Bombers Center Assault on New Guinea Port's Airdrome in Persistent Effort to Rub Out Combined United Nations Forces in Area

PRIME MINISTER SAYS LITTLE DAMAGE LISTED

Melbourne, Australia, March 24—(AP)—Japanese airmen made their second big attack in two days on Port Moresby, outer island outpost of Australia's northeastern defenses, sending over two waves of bombers protected by fighter planes today.
The bombers first centered their attack on the New Guinea port's airdrome in a persistent effort to rub out combined Australian and American air forces which have made Japanese positions in this area so costly to maintain.
Then they attacked targets near the town while navy zero fighters sought to drive off defending planes.
Prime Minister John Curtin, who announced this, the only military action on the whole Australian front today, said no damage or casualties so far had been reported from the raid and added that one of the raiders was damaged by anti-aircraft shells and probably was unable to get back to its base.
Following yesterday's strong attack, in which 19 heavy bombers dropped 67 bombs about the Port Moresby airdrome, it appeared the Japanese were concentrating their remaining air strength in the northeastern island area to knocking out this objective.
(German broadcasts of Japanese reports declared Port Moresby harbor had been made useless for landing purposes by yesterday's bombing.)
(Three transports leaving the harbor were declared to have been sunk, two capsizing immediately and the third turning over soon afterward.)
Port Moresby, on the south coast of New Guinea, is about 300 miles across dangerous Torres Strait from the bleak Cape York peninsula of the Australian mainland.

SWEDEN KEEPS LARGE FORCE UNDER ARMS

Bern, Switzerland, March 24—(AP)—Sweden is keeping a considerable defense force under arms, trustworthy advice from Stockholm said today.
It was emphasized that recent tension had relaxed in the last few days. An explanation was seen in newspaper dispatches that a German offensive in the Near East may start soon.
The London Daily Express' foreign editor declared today that maneuvers in Sweden were a cloak for complete mobilization with none of the resources being released as in the past, being called up quietly every day.

MOOREHEAD AT CRUDE HEARING

Washington, March 24—(AP)—Robert E. Allen, deputy petroleum coordinator, told the house ways and means committee today that elimination of the present depreciation allowance for oil well owners would "influence to a degree" production of oil products needed for the war effort.
Chairman Doughton (D-N.C.) of the committee tried in vain to learn whether Allen or the interior department was opposed to the treasury department's proposal for elimination of the allowance, an action estimated to raise \$80,000,000 as part of President Roosevelt's new \$7,000,000,000 tax program.
J. E. Moorehead, Oil City, Pa., executive manager of the Pennsylvania Grade Crude Oil Association, told the committee that in the interest of the war effort and the anxiety of producers to make the maximum contribution to its prosecution "we must protest against the elimination of or change in the present depreciation provisions in the tax law."

RESTRICTIONS ON TELEPHONE SERVICE

BECAUSE of critical shortages of materials needed for planes, tanks, ships and munitions, certain restrictions on the nation's telephone service have been ordered by the War Production Board.

It is estimated that approximately 35,500 tons of lead, 29,000 tons of iron and steel, 29,500 tons of copper, 650 tons of crude rubber and large quantities of other scarce materials will be saved annually as a result of these restrictions.

EXTENSION TELEPHONES

The order requires all telephone companies to discontinue installations of extension telephones in residences, except when necessary for the use of those responsible for the public health, welfare and security.

REPLACING TELEPHONES

Also prohibited is the replacing of existing wall-type and desk-stand telephones with handsets.

PARTY-LINE SERVICE

Under the order, party-line service only may be supplied in any location when a shortage of local telephone facilities, as defined in the order, exists.

THESE restrictions will conserve materials vital to victory. They will cause some sacrifice of convenience for some of us. But no American will begrudge any sacrifice that will help America win the war.

We shall do our utmost to provide adequate and dependable telephone service, limited only by such restrictions as may be imposed. We count on your cooperation. You can count on ours.

GIRL SCOUT MOVIES
Mrs. Althea N. Correll, director of Warren county Girl Scouts and Mrs. C. Vance Weld, chairman of the council's public relations committee, have been invited to show colored movies of Girl Scout camp, public health and defense activities at tonight's meeting of the

Order of Amaranth and also at a meeting in the Youngsville High School auditorium, sponsored by Troop 8 at that place. The program is free to the public, begins at 7:30 p. m. and should be of interest to all parents of Scouts and Brownies. Mrs. Correll showed the film last Saturday at a tea given by the Spring Creek girls to honor their mothers.

ROTARIANS TO NAME OFFICERS AT NEXT MEET

Officers of the Rotary Club for the coming year will be elected at the weekly luncheon-session next Monday, with the following named this week as a nominating committee: H. L. Blair, R. L. Blodgett, W. E. Teager, John G. Rossman and George Corvick.

Members of the club will meet at the First Presbyterian church at 12:10 p. m. on Monday to attend the community Holy Week service, after which the group will adjourn to the Y. W. C. A. activities building for lunch and the business meeting.

The program for yesterday's meeting was a motion picture in color on "Railroadin'", secured by P. D. Belknap, agent of the Pennsylvania Railroad Company. The film was produced by the American Locomotive Company and General Electric with the cooperation of the American railroads and tells in fast-developing sequences the story of railroad development, expansion to the west, mass transportation for industry and today's task of handling defense materials and men.

A guest at this week's session was Selden Bemus, member of the Jamestown, N. Y., Rotary Club.

WOMEN'S DAY AT METZGER STORE BEING PLANNED

Women will rule; yes, even if it is for only a day!

Breathes there a business woman With soul so dead Who never to herself has said, "If I were only boss, instead?"

That is just what the women of Metzger-Wright's had in mind last Saturday when they went to W. H. Wright, vice president of the store and said: "Isn't it about time that we women showed you men, once again, how to run this store? Look what we did before when we took over the men's jobs. Didn't we roll up the biggest day of sales both last year and the year before? Well, we want to do it again, and we want to do it next Saturday."

"When!" exclaimed Mr. Wright. "What can I do but let you? You certainly did run up the sales last year and the year before. Go ahead, but mind you, if you don't make good, it will mean we men are better than you."

Right then and there the women of Metzger-Wright's held a meeting and elected women to fill every key position held by the men. And so, on next Saturday, March 29th, the women are going to be "kings" for a day.

Gas Required by Industry UP 126% in Three Years!

YES with all this war demand, Gas continued to serve its normal domestic and commercial users—

NATURAL GAS IS A SOLDIER NOW! In fact, Gas has been a soldier ever since the defense program began in 1940. By comparing four years of peacetime and war years—you find that industries here called for 126% more Gas in 1941 than they did in 1938... and 68% more than in 1940!

This tremendous demand could not have been met without an aggressive policy of drilling hundreds of new wells, laying miles of new pipelines, building new compressor stations to bring Natural Gas from distant fields, and storing gas in underground areas.

For Natural Gas is of major importance to industry in wartime. Its fast heating, cleanliness, flexibility and accurate controllability are essential to the complex and exact heat processing of metals and other war materials. They are in many cases the same advantages which domestic Gas users enjoy. In war production, however, where speed and precision heating are demanded, they become critical qualities.

That's why we ask your cooperation during cold waves to see to it that war plants in this district are kept going every single hour. Let's not hold back a single weapon needed by our armed forces!

- Natural Gas is a vital War Material... *Use it wisely!*
1. Reduce to a minimum the use of your kitchen range for heating on cold days.
 2. Reduce the use of Gas to supplement other fuels for heating on cold days.
 3. Avoid excessive room temperatures by proper setting of thermostat.
 4. Close off heat in rooms you do not use,
 5. Stop heat leaks by weather-stripping windows and doors, install insulation to save fuel.
 6. Learn to cook with low flame in small amounts of water, saving vitamins and Gas.

EASTER PROSPECTS

It may be the last gala springtime occasion for the duration, but, according to Irving Perlmeter one of our Washington correspondents, "this year's Easter parade promises to be the fanciest in history."

All reports received by the commerce department indicate that sales of Easter merchandise are running about a fourth larger than last year, and far ahead of 1929, the article states.

On spring clothes, both for women and men, officials found stores generally had larger than usual stocks, with at least the customary profusion of fashions and colors. Silk stockings, first casualty of the war, apparently were the only important exception.

Despite sugar rationing, confectioners seemed prepared to furnish all the candy Easter eggs and other holiday sweets that tradition demands. Florists also were well prepared.

Easter vacations and visits may suffer a little this year, with so many people saving tires and gasoline, or just too busy with war work to get away.

But next year—the government looks for a more somber observance. One official suggested that clothing might be rationed. Style changes definitely will be under official frowns.

The sugar shortage, another official said, definitely implies curtailment next year of special candies and cakes.

About the only bright spot in next year's prospects is flowers. There appears to be no reason for a shortage of flowers or plants—unless the flower beds are turned into vegetable gardens.

DIP

Well, we read in a Cleveland paper to the extent of about four hundred words of a new dance step called the "MacArthur Dip." Our Lake Erie war correspondent informs us that:

"Although nearly as fundamentally simple as the Lambeth Walk, this new dance has a characteristic MacArthur dash and vigor. It is not hard to imagine that you are hearing the beat of an airplane propeller. The three phases are highlighted by side two-step, dips, some limber hip-pivoting, an amusing bit of business that used to be called the 'jazz step,' followed by a gay game of 'patty-cake' on your partner's hands, a spinning airplane hop on the right foot, and winding up "with a brisk military salute."

Furthermore, as its daily contribution toward the war effort, a big Cleveland hotel will teach the dance to its customers at a special "MacArthur Night."

Hold your fire, MacArthur, that noise isn't Jap plane propellers. It's just a bunch of patent leather patriots back home reinforcing MacArthur.

The Grim Reaper has been all too busy in the community the past week or ten days, removing a number of substantial citizens whose passing will be keenly felt.

The thought of April showers reminds us that rubbers are just one more thing for kids to forget.

Money talks—but it doesn't say an awful lot until it grows up.

LENTEN SERMONETTE

VICTORIOUS LIVING

Harry Reid, Pastor Brown Hill Wesleyan Methodist Church, Youngsville.

"Now thanks be unto God, which always causeth us to triumph in Christ."—11 Corin. 2:14.

One may ask the question, "Does it work, this victorious life?" The answer may be asked by a question, "What is the power behind the victorious life?" If Christ is the answer, then the inquirer will have to admit that it is not just Christ who is responsible for our victorious life.

A victorious life is the opposite of a defeated life. The trifling pleasures and perishing things of this world will not defeat God's purpose in our lives.

It is a Christ-centered life. Christ will be the hub which we build the spokes of daily life and character, which will take us to our destined goal. The Apostle Paul had the vision when he said, "For me to live is Christ and to die is gain."

A Bible-fed life will be victorious. To read the word of God and hide its truth in our hearts will change defeat into victory, sorrow into joy, mourning into laughter, and darkness into light.

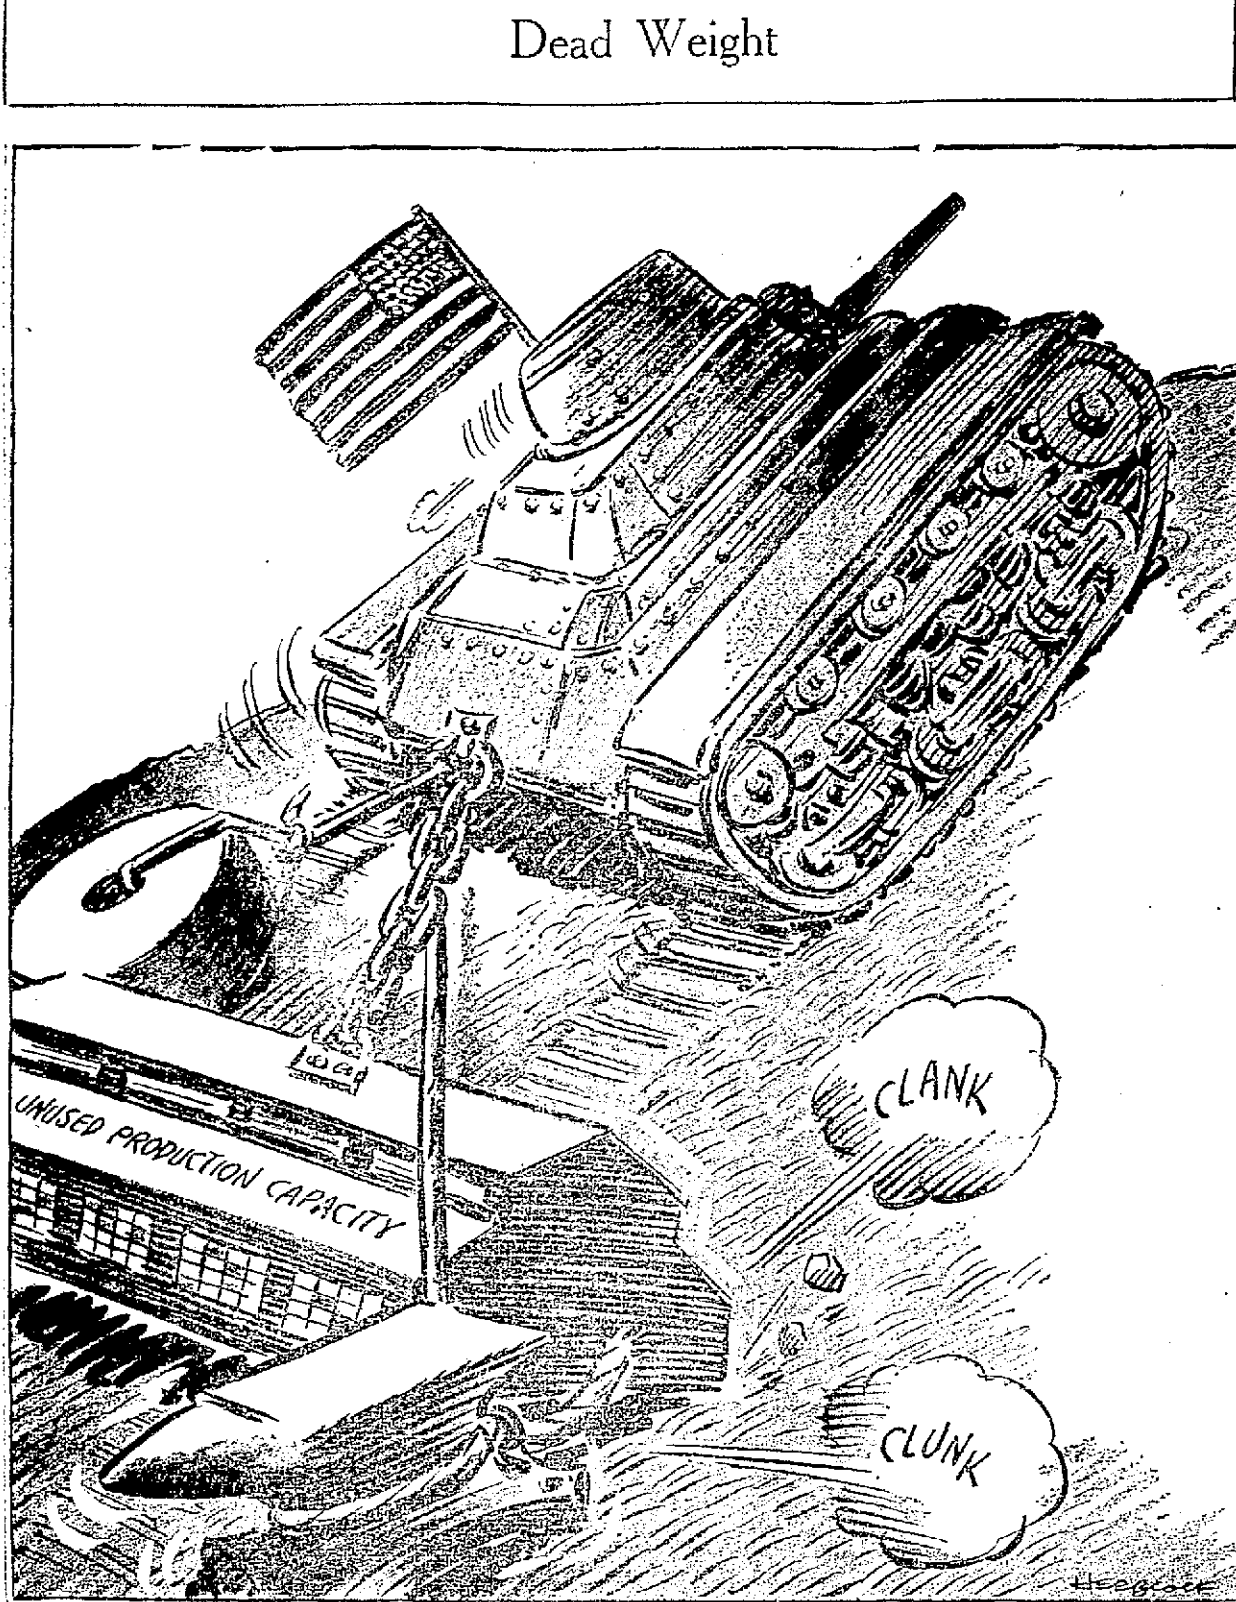

Above all, the victorious life is a prayerful life. The Lenten season with its time of fasting and abstinence makes prayer more vital and the life comes into a closer contact with the Divine Personality.

"Not by might, nor by power, but by my spirit, said the Lord of hosts."—Zech. 4:6.

T-H-O-U-G-H-T-S

Whoever committeth sin transgresseth also the law: for sin is the transgression of the law.—1 John 3:4.

Who to himself is law, no law doth need, offends no law, and is a king indeed.—George Chapman.

WASHINGTON IN WARTIME

By JACK STINNETT

WASHINGTON—The amputations at the Office of Civilian Defense continue. Critics a few weeks ago were calling it a boondoggling centipede with scores of extraneous legs, but it's being rapidly pared down to a four-legged war dog with the single objective of guarding the welfare of the civil population under any wartime catastrophe.

What has happened and is happening to OCD is another example of how democracy works when it gets its dander up and how the "voice of the people" can get a job done effectively.

THERE were only rumblings when the OCD was coasting along under the direction of New York's Mayor Fiorello H. LaGuardia. It was apparent that the little dynamo of N. Y. City Hall had spread his tremendous energies too thin, but nobody took it very seriously until Dancer May's Chaney's twinkling toes booted the whole business into the critical limelight.

The flood of objections that rolled up against making a sociological enterprise out of what was purely a civilian defense effort not only swept Miss Chaney out of her job, but also washed out Mayor LaGuardia, Mrs. Roosevelt, and a score of lesser OCD officials. Dean James M. Landis, of Harvard, took over. But that didn't stop the criticism.

The storm settled around the physical fitness unit with ordnances of everything from archery to yachting, including codeball, horse-shoe pitching, paddle and table tennis, walking, and bag punching. Now that, too, has gone the way of other extracurricular OCD activities transferred by executive order of the President to Paul V. McNutt's Office of Defense Health and Welfare.

That says the critics now, is where it belongs. It's important to note that even the severest critics think "it" belongs somewhere.

NEARLY 50 per cent of the registrants in the first draft had to be turned down because of physical defects. In the present draft, including men from 20 to 44, the rate is likely to run higher. Reports from the entire country are not in, but if the District of Columbia can be taken as any gauge, there are two significant things in recent surveys: (1) The physical defects of potential draftees consisted of 20 per cent dental; 11 per cent varicose veins; 10 per cent heart, muscular, skeletal and feet defects; nervous and mental disorders; 10 per cent each; ear, nose and throat troubles; 5 per cent and from here on down to minor percentages; and (2) there is only one school in the district that offers more than two hours a week of physical training (exclusive of voluntary sports).

Paul McNutt has under his direction the office of Education. Starting with the schools and working out to older age groups, it is possible that the much maligned physical fitness unit of OCD may become one of the important factors in fitting the nation for a long-time war effort.

By GEORGE TUCKER

NEW YORK—Almost a thousand of the best news pictures taken during 1941 are on display in Rockefeller Center. These were great moments in the life of the nation and they were arrested by alert cameramen who crawled amid smoking debris and clung to the masts of sinking ships to obtain these climactic moments of a changing civilization that were splashed across the front pages of newspapers from Rangoon to Sioux City.

I THINK you would remember most of them if you saw them again. Babe Ruth looking down at Lou Gehrig in his coffin. The maddog Esposito brothers being dragged to prison. . . . Parachutists drifting haphazardly toward checkerboards of brown and yellow earth a mile below. . . . The Duke of Windsor sticking his noggin out of a fancy limousine that had stalled in Fifth avenue traffic. . . . Hoodlums fleeing from a prison car that had turned over in a collision with a truck. . . . Harlem Negroes rioting hysterically on a waterfront pier after a Sunday holiday had turned into a disaster. . . . A wild steer charging a group of photographers and cowboys (the wrecked hundreds of dollars worth of photographic equipment and sent one photographer to the hospital with a broken leg). . . . Mickey Owen of the Dodgers dropping that third strike during the World Series. . . . Japanese bombers on the wing. . . . A tanker disintegrating under the impact of a torpedo. . . .

You could go on like this for a thousand times. That's how many photographs have been assembled, titled, and displayed by members of the Press Photographers Association of New York for their seventh annual exhibit.

The best sports picture of the year is titled "Paul in the Stands," a dramatic moment during a Giants-Brooklyn game that saw Mickey Owen, the Brooklyn catcher, plunging into a group of spectators who were caught by the camera in as weird a collection of contortions as you would want to see. This picture was taken by Murray L. Becker, of The Associated Press, and in it Mickey's face is screwed up as though he wanted to kiss somebody that was distasteful to him while dancing on burning sands.

THE maddog Esposito brothers just missed reading about their photos at the exhibit. They were executed at Sing Sing just 24 hours before the exhibit opened. This pair of killers played crazy all during their trial and subsequent imprisonment. Like most rats who are bold and ruthless when they have guns in their hands, they broke down completely and had to be wheeled into the electric chair.

Mosquito boats churning the waters of N.Y. harbor. . . . An army bomber taking a belly-skid after losing a wheel. . . . A nude child playing with a dog under a hydrant in downtown New York. . . . Coastguardmen patrolling shot-torpedoed Italian ships. . . . West Point Cadets being graduated. . . . Pier fires. . . . Troop transports. . . . Maneuvers. . . . That's the way it goes. . . . They were great moments in current history, and they've been arrested. . . . for all time

WAR QUIZ

1. This is a picture of a typical American battleship. Is there a school of thought in the big navies of the world which says this type of ship of very little use nowadays and, if so, why?

2. Many nations in guarding their coasts use small dirigible balloons called blimps. In what respect is the United States better fitted to employ them than any other nation?

3. Despite the fact American planes sank or damaged Jap ships and downed some of their air-planes, Nipponese soldiers obtained a foothold on the island of Bali. This little spot of earth had been in the news long before the war. Was it because of the fame of Balinese hunters, fishermen, dancers or singers?

Sugar Grove

Sugar Grove, March 20—The Women's Missionary Society of the Presbyterian church met Thursday afternoon at the home of Miss Josephine Ricker, with Mrs. J. A. McIntosh, assisting hostess. C. L. Veness presided and Mrs. Walter Kelley had charge of the program. Mrs. Scott Stuart conducted the devotions. Others taking part on the program were Mrs. Carl Perrin, Mrs. Agnes Abbott and Mrs. Kelley.

The society voted to serve light refreshments and make a special offering throughout the year.

Mrs. Agnes Abbott, will be hostess to the April meeting.

Mrs. Roy Briggs was hostess to the Reading Club, Tuesday night. The vice president, Mrs. Walter Kelley, presided.

Mrs. Travers Stohberg, librarian of the Sugar Grove Library, asked the club to sponsor the drive for library memberships.

The next meeting of the club will be Tuesday, March 24, at the home of Mrs. Allan Frank.

Mrs. Frank presented a paper on "Education in Pennsylvania."

Milk Mixture For Stomach Ulcers

A recent medical discovery now being used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective that in many cases the pains of stomach ulcers disappear almost immediately after it is used. Also recommended for gas pains, indigestion and heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of Lurin from their druggist. Lurin contains this new discovery in its purest form. Easy to take. Just mix two teaspoonsful in half glass of water or milk. Costs little. Try a bottle. It must satisfy or money refunded. Lurin for sale by Miller, Cut Rate and drug stores everywhere. (adv.)

Bradford and Sharon Meet in Semi-Finals This Evening

Brace Brigade Reign Slight Favorites to Cop Decision Fracas at Pitt Stadium

PROBABLE STARTING LINEUPS

Below are the probable starting lineups for each of the four survivors in the state PIAA basketball eliminations leading to the state final tonight, while Bradford and Sharon fight for western Pennsylvania honors in Pitt Stadium at the same time.

IN THE EAST		IN THE WEST	
Merion	Bradford	Sharon	
Barry	Barry	Barry	
Reagan	Reagan	Reagan	
Rusinko	Rusinko	Rusinko	
B. Calone	B. Calone	B. Calone	
Reap	Reap	Reap	
Calone	Calone	Calone	

"Rags to riches" basketball, and an undefeated crew, on one of its kind in the state, tonight in spacious Pitt Stadium for the right to represent the western part of Pennsylvania in the state PIAA championship game.

For the first time in his career, District Nine and Ten will go to the gladiators to meet in other in this free-for-all (except the spectators), the outcome of which will be especially historic in western Pennsylvania basketball annals.

Sharon, a team that walked in through an exit upon the scene of PIAA playoffs, and Bradford's brace brigade will be the principals and a capacity audience is expected to be on hand to witness the distance, to whom it is the Tigers and the Owls.

Each team uses a zone defense, Sharon's back line plays a man for man, slightly off the line practiced by Bradford. On offense, it's three-way action. The Bradens, Moffatt, Frisina, Barry always figuring in a deal of the scoring and Fred Bling occasionally giving up "feeder's" job to push the sphere through the hoops. But for Sharon, it's a one-man show with Pete Molnar, tricky and evasive shoot-with-either-hand hooper leading the attack. Molnar is a clever floor man, and stopping him will have distinct bearing on any success found by the Red and Black.

The game will go on at eight o'clock tonight, with it being the only attraction, but none the less a good one. Meanwhile, Lower Merion, defending state champions, and Berwick face off in Philadelphia to determine the eastern representative for the finals. Coach Bill Anderson's Ardmore Aces are the choices in tonight's eastern headliner, but Berwick points to last week's determined upset triumph over a heavily favored Pottsville aggregation by a 30-23 score in rating itself a good chance to move into the finals Saturday night.

It's a lovely night for basketball, but it won't be quite so lovely along about eleven o'clock when half of the diminutive four-team surviving field has been cut, and the two survivors are the only ones left with anything to cheer over.

BANQUET GIVEN FOR SHEFFIELD COURT QUINTET

Sheffield, March 24—The Sheffield O'Connors, winners of the Warren City League Class A basketball title and team that realized its most successful season in history this year, brought things to a fitting conclusion Saturday night when J. M. O'Connor, sponsor of the team, gave a banquet in their honor in the American Legion home here.

Features of the evening were the presentation of the championship trophy by Warren Y. M. C. A. Physical Director Ed Hasler, and the receipt by each O'Connor player attending the affair, there were 24 of them in all, of a \$25 defense bond. Their lady guests were given red roses.

Singing, special entertainment, and a delicious dinner combined with the presentation of the championship cup in making the affair a gala occasion, enjoyed by all present.

Honored guests included team members Jack Camp, Jack McAvoy, Clyde Farnsworth, Bob Pich, Bob Swanson, Earl Belcher, Bob Pontius, Mike Otto, Tom Sanford, John Sorvelli and Manager "Bus" O'Connor, son of the sponsor, also Ed Hasler, "Y" physical director, Joe Waples, Warren referee, and Eugene Crippa, of Pittsburgh, U. S. ordinance inspector who, in his visit to the local machine shop, and an ardent follower of the fortunes of the Sheffield quintet.

The dinner was served by a Legion Auxiliary committee, chairman of which was Mrs. Orabelle Shick.

Frank Gerardi Hits Series Of 687 at Arcade; Patchen Has 652 Total at Elks Club

There were several good scores hit on the town's kegel avenues last evening, but Frank Gerardi's 687 series in Industrial League action at the Arcade Recreation topped everything.

Starting with a hot 215, Gerardi turned up the fire in his next two trials as he added 239 in the second and 233 in the final to end with the best individual total in town for the night, and one of the best recorded this year.

Meanwhile, at the Elks Carl Patchen banged away with two terrific games of 230 and 258, then fell to 164 in racking up a 652 series, and Sweetland knocked over a 249 first game, adding scores of 194 and 188 in his next two heats for a 681 total in another Industrial loop battle.

As far as team scores were concerned, honors were clinched by the Butter Krusts in the Arcade Industrial with a record 2778, while Monty McClure's boys triumphed in 2752 at the Conewango Club, in a fast match with the Ericksons.

The Butter Krusts managed to take three points with their feat, dropping the second game, but scoring 1019, a new high single, in the third. Other Industrial results saw Sab's Barbers lose three points to Kinnear's, as the latter outfit hit 2664, Millie's Inn pile up 2517 pins in taking four from the Crossetts, and the Times-Mirror lose three to the Heat Treat, the winners getting 2891 for a bulging total.

Patchen's individual effort aided greatly at the Elks as the Key-

FETE CLEANERS QUINTET WITH DINNER TONIGHT

The Rock Cleaners, runners-up in the recent City League Class A Basketball League at the Y. M. C. A., will tie up the ends of their 1941-42 record tonight with a banquet at the Marconi Outing Club starting at eight o'clock.

A highly successful season was enjoyed by the team, which won first half honors in the circuit, then dropped the playoffs to Sheffield's cagey O'Connors, though they annexed no titles and had to be content with a second best.

Manager Dominic Rock is in charge of tonight's spaghetti dinner, which will start the evening off, and of the remainder of the evening.

Special honored guests as well as the members are expected to attend the affair.

Letters to the Editor

Dear Editor:

We see by the papers there is another Registration day coming April 27, and we wonder if this will be another of those endless fourteen hour affairs that are so considerate of the \$1.25 plus per hour worker who must be given plenty of time off by his employer and every consideration by the registrar, who, after volunteering his services, gets to work at 8 a. m. E.S.T., but not going to work, has insult added to injury by being required to sign a "waiver of pay,"—and then, after all is seemingly set—the fourteen hours not being sufficient for the 1.25 plus darlings—the registrar is expected to sit, not only the original fourteen hours, but the two days previous also.

We have had some experience in heavy registrations, even back in 17, when we registered more men in much less time, for the same stupid (?) but dis-remember any "waiver of pay" then; to the recent three days of February 14-16-17.

We'll probably do it again, unless we are so undermanned on 8 oz. of sugar per week that we are unable to get there.

"One of the Guiltless."

There are at least 60 stars to every human being on earth.

Jimmy said, in a tone lightly touched with awe, "Well, I'll be darned! Who'd ever have thought it? A girl who resents a casual kiss as though it had been a deliberate insult! Melissa, you're absolutely unique."

"I suppose that means I'm not a lady. Well, I never claimed to be," Melissa said hotly. "I'm just a backwoods—"

"You're just a lovely, very attractive young thing whose probably going to rob me of many a good night's sleep and set the world upside down to me," said Jimmy grimly. "Some ways I'm glad you socked me, and I'm very much afraid I'm going to fall in love with you—and what had you planned to do about that?"

"Nothing," said Melissa a little grimly, "because I know it isn't going to happen. You're just surprised because I slapped you. That may make me a novelty to you for a little while, but you'll soon get tired of me."

Jimmy said harshly, "You think so, do you?"

"I think so," answered Melissa sturdily.

Jimmy put the car in motion again, with a little grunt, as he said grimly, "God knows I hope you're right. But—well, we'll see."

Meanwhile, in the roadster, Dolores was saying sweetly, "But, Ace, darling, why should you mind if Melissa and Jimmy stop for a little petting party? After all, they're young—and in love—"

"Don't talk like a fool!" Randy cut in savagely. "She barely knows the lug—"

"Well, just how long, my wise bozo, do you think it takes a smart girl to fall in love with a man who's young, good-looking, and rich?" demanded Dolores curiously.

He hesitated, his jaw hardening, and before he could speak, Dolores went swiftly on, "Look, Ace—be reasonable about this. Melissa's crazy about Jimmy—she told me so this afternoon. And he likes her. He's rich, and he could give her the sort of life any sane woman yearns for—a home, kiddies, all the rest of it. Why should you try to interfere? After all, you're not the marrying kind—you've said so yourself a thousand times."

She all but held her breath for his answer, and when it didn't come she went on hastily, as though to cover the fact that she had been waiting for it, "Of course, I don't know whether Jimmy's family would be willing for him to marry her—a show boat girl."

"Jimmy Marston would be the luckiest lug that ever lived if she would marry him. She hasn't been a show boat girl long, and if it comes to that, what's wrong with her being a show boat girl? You happen to be one yourself—or had you forgotten that?" Randy cut in sharply.

EX-DRAGONS TIP PATTERSON FIVE

The ex-Dragon varsity organized in quick order last night to challenge the Pattersons, members of the recent "Y" Class A basketball league this year, and smother them under a 54-46 score last night on the local Y. M. C. A. court.

Dean Nelson, rangy pivot man for the winners, deposited six goals and as many fouls to set the pace with 18 points, while Buerkle added 14 and Ted Black 11 as the Blue and White hoopers really went to work in earnest.

Johnny Pick scored 16 points to top the Pattersons. Christensen getting 13 and Tucker 12.

The ex-Dragons held a 29-18 lead at halftime, and the word today was that they would challenge Sheffield's O'Connors, City League winners, in a game to be played in the near future.

SPORT SPATTERINGS

We're taking Bradford over Sharon tonight to start this chatter rolling today, and the Owls have been very good to us so far in racking up triumphs in all elimination contests. . . . Sharon is really a "Cinderella" team and not one to take lightly. . . . As this kind of outfit usually can be more dangerous than a dozen sticks of dynamite, the Bradens will have to be careful in tonight's show. . . . The Tigers backed into the playoffs with an upset win over Farrell, after the Steelers had twice trounced them in season games. . . . Then Sharon continued to defeat the balloons of Oil City and Erie East and, last but not least, that of a favored Franklin Boro team. . . . What they may do tonight is anyone's guess. . . . Nevertheless, the Owls look good enough to stop Sharon, in the consensus drawn by this department.

The more we watch the citrus league and the various major league clubs rounding into shape this spring, the more we feel certain that Frankie Frisch's Pirates are going to make your eyes pop. . . . Main reason for this is the fact that you can take the Bums from Brooklyn, but you can't take Brooklyn from the Bums. . . . And the hearty relationship to the baseball town possessed by the four new Buccaners, who were Dodger castoffs, is ground in them so that through the smoke and haze at Forbes Field they'll still hear those good old cheers coming from the mouths of the loudest fandum in the world, the Brooklyn baseball crowd. . . . And we're looking for the Bucs to end in the upper division, and not necessarily in the fourth notch, either.

When Bob Bean hit 4.4 in his first effort on the rope in the climbing event for state honors Saturday, Mike Trynosky, the eventual winner, walked over and said, "Geez, I never went up that fast!" So he went out, took his turn on the climb, and did 4.3. . . . Bean replied, "That's fast for me," and followed through with a spurt that tied the first effort by Trynosky. . . . Then the streamlined phantom from Frackville, nearly convinced he'd have to settle for a tie for the honors, streaked up the hemp in 4.1, and no one was more surprised than himself. . . . Just shows what competition can do, and did.

TRAINING CAMP BRIEFS

By the Associated Press

Tampa, Fla.—Outfielder Harry Craft got into his first grapefruit league game of the season yesterday, singling and scoring Cincinnati's first run in the game with the St. Louis Cardinals. An eye infection kept him on the bench until now.

Anaheim, Calif.—Big Jim Castiglia, former Georgetown athlete who came west as the Philadelphia Athletics' bullpen catcher, is making Connie Mack think of offering him a regular contract. Yesterday he banged out a double and a single against the Chicago White Sox, nipped two would-be base stealers and caught three foul tips.

Miami—Manager Mel Ott of the New York Giants today announced the benching of the entire first team in an effort to break a losing streak that now stands at six and a record of only two triumphs in 13 starts. The Philadelphia Phils will furnish today's opposition.

Los Angeles—Pittsburgh Pirate supporters are tabbing Pete Coscarat as the find of the spring training season. He came to the Pirates as one of four Brooklyn players involved in the deal for Arky Vaughan and now leads the club in runs driven in with 10, is tied for home run honors at three with Vince DiMaggio and is hitting .251. Last season he batted .129 for the Dodgers.

BILLIARD EXPERT AT ELKS CLUB TONIGHT

One of the veterans of title play in pocket billiards, "Patsy" Natalie, of Hollywood, Calif., will play the fourth of the exhibitions staged by the Warren Lodge of Elks for its members when he crosses cues tonight with one of the leading players of the local club in a special match of 125 points at 10 p. m.

Considered a veteran, although yet in his early forties, Natalie is returning to the exhibition field after an absence of six years. A large crowd of Elk members is expected for the event tonight.

Telephone Service Restrictions Are Announced By Local Company

Certain restrictions on telephone service which may affect many people in this community were announced today by Horace M. Stevenson, district manager for the Bell Telephone Company of Pennsylvania, who pointed out that the company's action is in compliance with a recent order of the War Production Board.

The new restrictions, applying to all telephone companies in the United States, are intended to conserve critical materials essential to war purposes.

It is estimated that approximately 55,500 tons of lead, 29,000 tons of iron and steel, 29,500 tons of copper, 850 tons of zinc, 540 tons of crude rubber, and large quantities of other scarce materials will be saved throughout the nation annually as a result.

The War Production Board's order—

- Forbids the new installations of extension telephones in residences.
- Prohibits the replacement of existing wall-set and desk-set telephones with handsets.
- Prohibits replacements or additions to existing telephone plant for the betterment or relocation of such plant, except as to replacements essential to the maintenance or protection of service.
- Prohibits the conversion of manual central offices to dial operation except those in the course of installation.

Prohibits the replacement of customers' manual private branch exchanges with dial equipment.

Under the order, party line service only may be supplied in an extension when a shortage of local telephone facilities, as defined in the order, exists.

The order as it concerns extension telephones in residences makes an exception "when such extensions are necessary for the use of those who are charged with responsibilities for the public health, welfare or security."

Wall-set and desk-set telephones are to be kept in service as long as practicable. When telephones are beyond repair they normally will be replaced by like instruments.

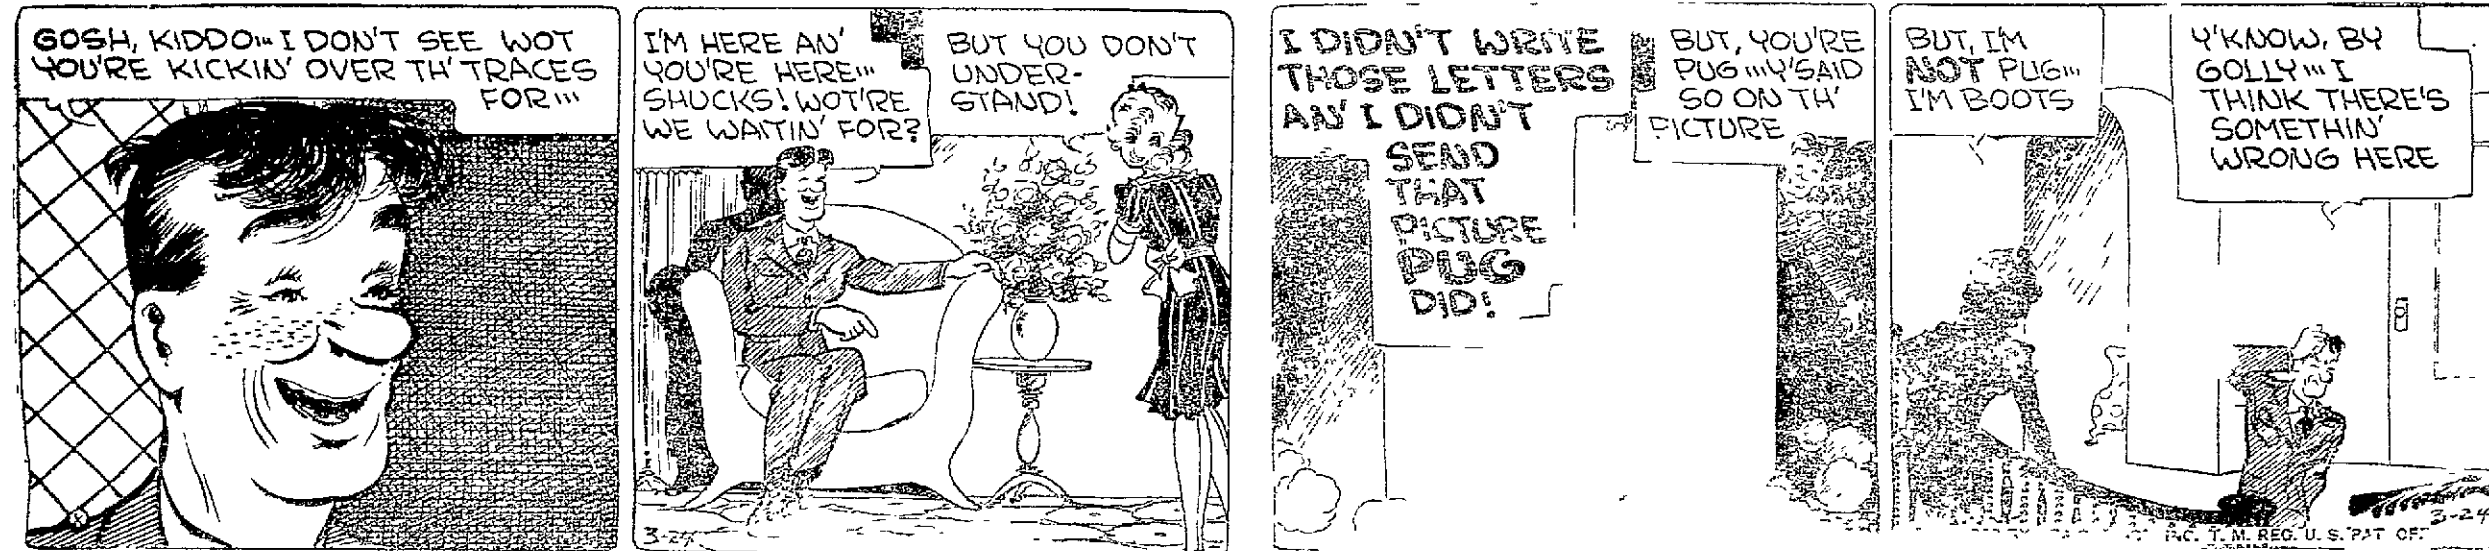

"We have found the public to be very understanding and cooperative and we ask for continued cooperation to the end that the maximum saving in materials vital to the war effort can be made," said Mr. Stevenson.

"In normal circumstances, we make long-range plans for telephone development, with the particular needs of each community given constant study. As a matter of fact, it was this advance planning that has made us able to meet the recent wartime demand for telephone service which has soared upward to new highs throughout the nation."

4-H CLUB WORK PLAYS BIG PART IN WAR EFFORT

4-H Club work has a very important part to play in the national program for Victory. Under the slogan "Service for Victory", the Pennsylvania 4-H Club girls will be carrying on in 1942, 1,500,000 4-H club members under the guidance of 150,000 volunteer local leaders will be active in service work in their communities.

In cooperation with the other states, Pennsylvania is taking part in National 4-H Mobilization Week April 5-11. During that week all over the country new 4-H clubs will be organized and old clubs will be reorganized.

Warren County has a fine start for the summer 4-H work now. Recently two home economics clubs were reorganized, one at Columbus under the leadership of Mrs. Walter Casler, the other at Triumph with Mrs. Floyd Swanson as local leader. Other clubs are making plans for their organization meetings.

The Agricultural Extension Office has arranged a 4-H exhibit in the windows of the Pennsylvania Electric Company. This exhibit illustrates the 4-H pledge and some of the aims of 4-H club work.

Everywhere we hear of people who want to do something in the emergency. Many ways are offered them. What could be better than to help in carrying on 4-H clubs and their fine victory program? Leaders are needed for old and new clubs. Members, too, will need transportation to meetings, camps, etc. What more patriotic duty can be than to help youth to a proper appreciation and understanding of the American way of life.

RECEIVES SENTENCE
Convicted of making misrepresentations to sell shares in McKean county oil lands and Venango county mineral rights, David Davidson, 46, was sentenced yesterday to two years in prison by Federal Judge Guy K. Bard at Philadelphia. Assistant U. S. Attorney Thomas J. Curtin said investors lost \$161,000 through Davidson's "get-rich-quick" scheme in the past 20 years. David made restitution of victims of one fraud with the proceeds of another, Curtin said.

New Attempt Made to Have Davis Quit Race

(From Page One)

Davis for the nomination.

Martin's campaign manager, State Senator M. Harvey Taylor, said the meeting was purely "a Martin affair."

"There's only one way General Martin will consider retiring from the fight," said Taylor. "That is for the good of the party, providing Senator Davis gets out. If Davis doesn't get out, there's not one chance in a million that Martin will quit."

Davis has said repeatedly he has no intention of dropping out of the race.

Attending the meeting were Joseph N. Few, Jr., former U. S. Senator; Joseph R. Grundy, Captain Roger W. Rowland, Lawrence county leader, G. Mason Owlett, national committeeman; City Chairman David W. Harriss; Judge Howard Hughes, Washington county; Henry Lark, Northumberland county leader and Paul W. Houck, Jr., Schuylkill county.

Rayburn, committing himself for the first time on the subject, endorsed a 48-hour-work-week for the duration last night, with time and a half pay for employment after 48 hours.

Only a week ago President Roosevelt spoke out strongly against any wage-hour law change at this time, and there have been no hints that he has altered his views.

LARGE POSSE SEEKS HANDCUFFED PRISONER

Uniontown, March 24—(AP)—

District Attorney Vance Cotton and Sergeant H. C. Johnson of the state motor police, headed posses which searched the mountainous area east of Uniontown through the night for a handcuffed negro who broke away from an officer.

The fugitive is Joe Smith, arrested late yesterday by County Detective Forrest Parks at the request of Louisiana authorities. He fled as Parks was opening the door of his automobile.

The detective said he fired twice at Smith, but had gas shells in his gun and they failed to stop the prisoner.

Sergeant Johnson said the negro was sighted once or twice by his men, but managed to outrun the pursuers each time.
